

STOCK THE TRAILER

The Junior Fair Board is participating in the Farm Credit Mid-America Stock the Trailer Program. We will be collecting nonperishable items and cash donations to feed families in Meigs County.

What: Non perishable items and cash donations (used to purchase items to place in the trailer). Items must be placed in the trailer during designated hours of fair week. All items will be donated to local food pantries.

Groups and individuals are asked to collect items prior to fair and deliver them to the trailer during fair week.

Where: A trailer will be located near the barn area on the grounds.

When: Collection hours will be posted.

Why: We can support families in our local communities and benefit the junior fair. All counties participating will receive a donation from Farm Credit Mid America. The top counties (based on total pounds collected) will win additional cash prizes to support our junior fair!

Questions? Contact any junior fair board member.
