## Section I: General Rules

Exhibitors are expected to be familiar with the Ohio Revised Code's livestock exhibition rules. Please note that there are defined prohibited practices (901-19-04) as well as unacceptable practices (901-19-13).

<https://codes.ohio.gov/ohio-revised-code/title-9>

1. Youth must be enrolled in the 4-H or FFA species projects they are tagging in by April 1<sup>st</sup> of Fair year they wish to participate in. Exhibitors may add market livestock projects until the May Tag-In date. Eligibility for participation in 4-H projects and competitive events begins when a child is age 8 and in third grade, or age 9 regardless of grade level. Eligibility ends when an Exhibitor reaches the age of 19 as of December 31<sup>st</sup> of the same year in which an entry is made in the Fair.

Example: Fair August 2000

-Exhibitor turns 19 on 12/31/1999 = NOT Eligible

-Exhibitor turns 19 on 01/01/2000 = Eligible

2. Any member of a Meigs County 4-H Club or FFA Chapter, who are Meigs County residents, are eligible to participate in the market livestock programs if they abide by the Junior Fair regulations and the MCAS rules. If an FFA member does not reside within county lines, an enrollment form must be submitted. This can be obtained from the Junior Fair Coordinator.
3. Members must be a full-time resident of Meigs County at the time of enrollment. If there is a question of status, it will be reviewed on a case-by-case basis by the MCAS, and a recommendation will be made to the Board. The member must also then complete all appropriate paperwork with OSU Extension, Meigs County after receiving approval from the MCAS and prior to the enrollment deadline of April 1.
4. All market animals must be the bona fide property and under the continual care of the Exhibitor from Tag-In until completion of the project. If possible, youth taking market livestock must house their animals at their permanent address on file with the Extension Office. Parents/guardians will attest to ownership/housing at Tag-In registration. No permission is needed or will be granted by attending a meeting of the Agricultural Society. The MCAS will have the right to spot check all projects. If it is determined that the animal(s) are not present or under the care of a licensed Veterinarian, youth will be ineligible to show and sell that project animal. If a market livestock project is still brought to the Fairgrounds after this determination, it will not be shown or sold and will be taken to a stockyard to be determined by the Agricultural Society at the Exhibitor's expense.

## Section II: Pre-Fair Guidelines

1. All Junior Fair Livestock Exhibitors, including all 4-H and FFA members, must participate in a Quality Assurance Training and in the July book judging to exhibit, show, and/or sell at the Fair. If Exhibitor fails to bring all required project books to the project book judging, the project grade will be dropped one letter.
2. If the member has taken the Quality Assurance Training in the previous year and is 16 or older (as of January 1), he or she may choose the test out option. If a member scores an 85% or better, he or she will have met their Quality Assurance criteria for the rest of his or her 4-H or FFA career. If the member takes the test and does not pass, he or she must attend a regular Quality Assurance Training that year. Test must be taken by the 4-H Enrollment deadline of April 1<sup>st</sup>.
3. Quality Assurance must be completed by June 1, 2026.
4. There will be no make-up judging dates after the regularly scheduled day. Contact the Extension Office prior to judging should there be any issues with attendance.
5. Market Livestock NOT being brought to the Fair must be dropped in Fair Entry on or before above date in order to prepare stalls.

**FORMS AND REGISTRATION RECEIVED AFTER THE DEADLINE ARE SUBJECT TO A LATE FEE**

### Section III: Tag-In & Weigh-In

1. There will be **NO** make-up Tag-In dates.
2. If you choose to sell your animal in the Jr Fair Auction, a commission of 3% of the total price (including bumps) will be deducted from your sale proceeds check with a cap of \$500. This is in lieu of all other market tag in and stalling fees. This commission will help aid in paying for advertising, sale bills, state required EID tags and additional tagging materials, general auction expenses and state and federal check off fess as well as any other market livestock expenses. (Calculation- Total Price x .03 = Fee Amount).
3. Family is defined in the Ohio Revised Code 901-19-01 as immediate family of the exhibitor, including but not limited to the exhibitor’s parent, step-parent, foster parent, grandparent, step-grandparent, foster grandparent, brother, sister, step-brother, step-sister, half-brother, half-sister, son, daughter, step-son, step-daughter, or guardian. This will be the connection used in family-animal rule.
  - a. Members of the same family may utilize a spare market entry. A market entry is defined as 2 animals in a pen or 1 stalled animal. This animal will be tagged and registered in the same manner as the primary market project, but will be recorded as a family entry to distinguish exhibitors linked to the animal. Each family may notate one family animal for all youth within that household.
    - i. The family animal must be the same species that the exhibitor has already registered, tagged, and met QA and judging requirements for.
      1. Example- Sally and Sam are brother and sister. Sally’s primary animal is a pig and that’s what she tagged in. Sam’s primary animals are a pen of rabbits and that’s what he tagged in. They have an extra pen of rabbits. They **MAY NOT** tag this as a family animal for Sally, it would just be additional animals tagged for Sam.
      2. Example- Sally and Sam are brother and sister. Sally’s primary animal is a pig and so is Sam’s. They **MAY** tag 1 family animal for them to share.
4. All market animals must be dehorned (1-inch scur allowed at Fair), castrated, and weaned before their respective Tag-In date.
5. Each member is responsible for ensuring that an Animal ID Form is filed correctly and for seeing that his/her market animal is weighed, identified, etc. at Pre-Fair, Tag-In, and Weigh-In dates as established by the MCAS rules. All ear/leg tags must be clean at Weigh-In. If tag is unreadable, the animal will be moved to the end of the line.
6. Market animals, including cattle, sheep, goats, and hogs, will be tagged with an EID (Electronic ID) tag in one ear. If your animal loses their ear tag, Exhibitors must have it re-tagged by bringing the animal to the Fairgrounds the next Senior Fair Board meeting following the loss. You must notify Amanda Faulk if you plan to bring the animal in order to have tags prepared.
7. Animals requiring a halter must have on at time of Tag-In and Weigh-In.
8. No market animal can be replaced after the respective Weigh-In, Tag-In or identification date of that species.
9. All market animals will be shown by weight classes:

SPECIES	WEIGHTS	SPECIES	WEIGHTS
Market Lamb	95-160 lbs.	Market Hog	220 - 310 lbs.
Market Dairy Steer	1000 - 1650 lbs.	Market Beef	1000-1650 lbs.
Market Chickens (Pen of 2)	5-10 lbs. (each)	Market Goat	60-120 lbs.
Market Rabbits (Pen of 2)	3.08 - 5.08 lbs/oz (each)	Turkey	20 - 45 lbs.
Market Ducks (Pen of 2)	4.08 - 9.08 lbs/oz (each)		
Feeders (Dairy and Beef)	400-650 lbs		

10. All market animals must be weighed at specified times. Each market project will only be weighed one time and must remain on grounds after crossing the scale.

### Section III: Tag-In & Weigh-In Cont.

11. **UNDER- AND OVERWEIGHT ANIMALS** must stay on the Fairgrounds until released. Exhibitors will still show in showmanship class and an under/overweight class. Exhibitor's animal will not be placed in sale order or sold through the ring. Exhibitors with under/overweight animals must declare with Amanda Faulk at the Junior Fair Board Office by **Monday at 8:00 a.m.** where animal is going (slaughter, resale, or home as per guidelines). If this is not completed, the animal will go to the packer with the highest bid for that species and **proceeds will be donated to the Junior Fair Board. NO EXCEPTIONS!** There will be **NO** solicited sale of under/overweight animals on the Fairgrounds.
12. All livestock must be drug-free by Fair Weigh-In. After Weigh-In, all medical decisions must be made in consultation with the Fair Veterinarian. All livestock participants must complete a Drug Notification Form before market animal crosses the scales and breeding animals enter the Fairgrounds. Failure to have Drug Use Notification Forms completed will cause you to be unable to show and sell.

### Section IV: Fair

1. Members may exhibit an animal/pen in each market project, BUT are only permitted to sell **one** animal/pen.
2. If youth show more than one species, the additional animal(s) or under/overweight animals can be sent to an approved slaughterhouse of their choice, OR to the packer who received the bid and Exhibitor will receive the resale monies. The extra dairy or beef feeder may be taken home.
3. Animal designations must be taken care of by **NOON** the day following their final show to the Junior Fair Board Office. If waiting on Rabbit Show, it must be taken care of within an hour of the end of the show. Failure to declare means animals will be sent to the packer for resale price and proceeds will be donated to the Junior Fair Board. **NO EXCEPTIONS!**
4. If a member wins Grand or Reserve in more than one project, all Grand and Reserve animals will sell through the ring except for feeders, which have option.
5. Animals not going to slaughter are **not** to be sold on the Fairgrounds.
6. If a market animal or market pen dies after weighing in at the current Fair, the Exhibitor will not be able to go through the sale ring. (Example – One chicken or rabbit dying out of the total pen, that pen will still not sell due to being an incomplete project). However, he/she may participate in Junior Fair Show and in showmanship for a grade and premium for the project.
7. Tampering and/or misrepresentations as to breeding, age, ownership, and/or any other irregularities in showing and selling will be considered fraud and deception. Should fraud or deception, as determined by the MCAS, be discovered before, during, or after the animal or animals have been shown and prior to the sale, such animal or animals shall not be permitted to sell. If after the sale, sale money won by such an Exhibitor will be withheld.
8. Each person who presents for exhibition or exhibits an animal for which a Certificate of Veterinary Inspection is required by Rules 901:1-18-01 to 901:1-18-11 of the Administrative Code shall forward a copy of the Certificate of Veterinary Inspection to the Ohio Department of Agriculture's Division of Animal Industry.

11. Exhibitors in each barn are responsible for cleaning their own barn.

12. Dress Code: Exhibitors will be required to wear long pants/slacks or jeans. Shirts must have some type of sleeve, short or long. No sleeveless shirts. The shirt must have a collar or be a 4-H or FFA t-shirt and be long enough to be tucked into your pants. If the shirt has buttons to the neck, then the only button to be unbuttoned will be the top button. All other buttons must be buttoned. No mesh shirts or tank tops (muscle shirts) are allowed in the show ring. No clothing with adverse language or any slogans relating to tobacco, drugs, alcohol, or advertising. Hard-soled shoes are required while in the show ring. Shoes must be closed toe. No tobacco products shall be used or on your person during livestock show and sale. Violation of this rule can cause you to be asked to leave the ring and forfeit all premiums and/or sale money for that project. This pertains to show AND sale. Lab coats for rabbit and poultry projects are strongly encouraged for your protection.
13. All livestock must be kept within their designated barn area during the Fair. NO ANIMALS CAN BE TAKEN OUTSIDE THE GATES OR ON THE MIDWAY AT ANY TIME.
14. It is the responsibility of the Exhibitor that their animals be fed, watered, and stalls cleaned daily by 10:00 a.m. while on exhibit at the Fair. Daily barn inspections will be done. Exhibitors neglecting to do this will be warned; first with a meeting with the Senior Fair Board, parent, and advisor. The second offense will result in the animal going for packer bid with proceeds benefiting the Meigs County Junior Fair Board. Non-terminal animals will need to be removed from the grounds within 12 hours of notice. No premium will be paid to these Exhibitors and there will be a 1-year Exhibitor ban for the following Fair year.

17. No one other than Exhibitor or designated ring man, Fair Board member, Junior Fair Board member, and/or Judge may be in the ring during show and/or Sale.
18. Prohibited grooming practices include:
  - a. Using any substance to enhance or change the color of the livestock, including the livestock's hide or hooves. Only clear paint, not any type of color, on hooves.

20. Any stock that causes safety concerns will be asked to be removed from the grounds but will receive premiums for showing.
21. Participation is required in market classes and showmanship to be eligible to sell an animal. If the Exhibitor chooses not to participate, animals will go for packer bid and forfeits eligibility to show in the following Fair.

## Section V: Market Projects – Post Auction & Release Information

1. Our sale is a terminal show and sale. This means that all animals will be going to the terminal facility, except for dairy feeders, commercial feeders, and any market poultry or rabbit if there is no packer bid or available approved slaughter facility. **No market animals except those noted above may be returned home.**
2. Animals sold through the ring that are not terminal are not permitted to leave the grounds until their species is released. They MUST be accompanied by their “hauler” paperwork and approved for removal by an appointed Senior Fair Board Member or the Junior Fair Coordinator. Hauler paperwork can be picked up in the Junior Fair Office or will be distributed in the barns. It will be collected at time of removal and recorded. Disposal of Market Rabbits and Market Poultry: If the buyer returns your non-terminal market animal to you or someone else after the sale, you must make sure they are removed from the Fairgrounds by NOON on Sunday. These returned animals are your responsibility and must be taken care of properly.

2. Uniform Rules for 4-H Horse Shows with regards to the helmet policy:

All youth aged 19 and under, participating in any 4-H equestrian activity, are required to wear properly fitted protective headgear which meets or exceeds current ASTM/SEI stands with the chin harness securely fastened at all times while riding or driving an equine.

It is the responsibility of the rider, or the parent/guardian of the youth participant, to make sure that the headgear worn complies with appropriate safety standards for protective headgear intended for equestrian use and is properly fitted and in good condition. The Ohio 4-H Horse Program, show committees, officials, Extension personnel, and volunteer leaders are not responsible for checking headgear worn for such compliance.

Extension personnel and volunteer leaders make no representation or warranty, expressed or implied, about any protective headgear and caution riders that death or serious injury may result despite wearing such headgear, as no helmet can protect against all foreseeable injuries in equestrian activities.

The Ohio 4-H Horse Program, show committees, officials, Extension personnel, and volunteer leaders may, at his/her discretion, check a participant's protective headgear for proper standards.
