Any youth age 9 or above is eligible for project membership, regardless of grade level. Youth eligibility ends December 31 the year he or she turns 19.
2. Any member of a Meigs County 4-H Club or FFA Chapter, including Alexander FFA members who are Meigs County Residents, are eligible to participate in the market livestock programs if they abide by the Junior Fair regulations and the Meigs County Agricultural Society's rules.

4. All market animals must be the bona fide property and under the continual care of the exhibitor from tag-in until completion of the project. Youth taking market livestock must house their animals at their permanent address on file with the Extension Office. Members and parents/guardians will attest to ownership/housing on tag-in paperwork, No permission is needed or will be granted by attending a meeting of the Agricultural Society. The Meigs County Agricultural Society will have the right to spot check any and all projects. If it is determined that the animal(s) are not present or not under the care of a licensed Veterinarian, youth will be ineligible to show and sell that project animal. If a market livestock project is still brought to the fairgrounds after this determination, it will not be shown or sold and will be taken to a stockyard to be determined by the Agricultural Society at the exhibitor's expense.
5. All breeding/nonmarket livestock, excluding horses, must be housed at the permanent address on file with the Extension Office. Members and parents/guardians will attest to housing on livestock declaration forms. No permission is needed or will be granted by attending a meeting of the Agricultural Society. If it is determined that the animal(s) are not present or not under the care of a licensed Veterinarian, youth will be ineligible to show that project animal. If the breeding/nonmarket livestock project is still brought to the fairgrounds after this determination, it will not be shown and must be taken home by 1pm on Sunday, August 16, 2020.
6. A registration fee of \$25 will be charged for the first market specie (includes two animals/two pens of the same species). There will be no charge for additional specie tagged in. **There will be no refunds**. Tag in fees cover tags and related expenses, bedding, pictures, banners, printing costs, auction costs and other expenses related to livestock projects.
7. All market animals must be dehorned (1inch scur allowed at Fair), castrated, and weaned before their respective tag-in date.
8. All Junior Fair Livestock Exhibitors, including all 4-H and FFA members, must participate in a Quality Assurance Training and in the July book judging to exhibit, show and/or sell at the fair.

All ear/leg tags must be clean at weigh-in. If tag is unreadable, the animal will be moved to the end of the line.
10. Market animals, including cattle, sheep, goats, and hogs, will be tagged with an EID (Electronic ID) tag in one ear. If your animal loses their ear tag, exhibitors must have it re-tagged by bringing the animal

Section II: Fair and Livestock Sale Rules and Guidelines

1. Members may exhibit two different market project area animals, BUT, they can only sell one market project area animal. If youth show more than one specie the second animal or under/overweight animals can be sent to an approved slaughter house of their choice or to the packer who received the bid and exhibitor will receive the resale monies, with the exception of poultry and rabbits, which must be taken home. The extra beef or dairy feeder calf may be taken home. Animals not going to slaughter are not to be sold on the fairgrounds. Other animals to be sold through the sale ring must be declared **by Thursday at 4pm to the Junior Fair Board Office**. Failure to declare means animals will be sent to the packer for resale price.

2. If a member wins grand or reserve in more than one project, both animals will sell through the ring and the member is responsible to pay for the additional set of pictures and banners, if there are no sponsorships.

3. If a market animal or market pen dies after weigh in at the current fair, exhibitor will not be able to go through the sale ring (such as one chicken or rabbit dying out of the total pen, that pen will still not sell due to being an incomplete project.) However, he/she may participate in junior fair show and in showmanship for a grade and premium for the project.

4. Tampering and/or misrepresentations as to breeding, age, ownership and/or any other irregularities in showing and selling will be considered fraud and deception. Should fraud or deception, as determined by the Meigs County Agricultural Society, be discovered before, during or after the animal or animals have been shown and prior to the sale, such animal or animals shall not be permitted to sell. If after the sale, sale money won by such exhibitor will be withheld.

5. **Parents, advisors or exhibitors are the only people allowed to assist in the grooming of the breeding and market animals at the fair (this includes the show and sale).**

Participants must have this form completely filled out and signed by both the member and parent or guardian.
